Philadelphia, PA

Colonial Williamsburg
Williamsburg, VA

WE WOULD LIKE TO THANK YOU!

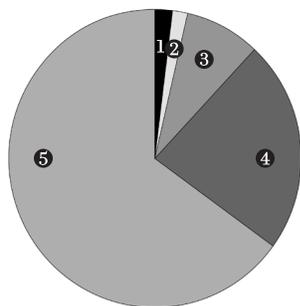

We are so grateful to the alumni who supported the Society during the past year! Without your help, we could not have sponsored the many grants and events highlighted at left. These occasions supported research, encouraged new ideas, and forged connections between the people in our vibrant community of Fellows.

The Society of Winterthur Fellows is comprised of alumni from the conservation and culture graduate programs. Our board is run by volunteer graduates of both programs, and our sole purpose is to aid and connect current students and alumni. We strive to support all Fellows in the wide variety of paths we take and contributions we make to our collective fields.

Among our goals is to continue expanding our outreach beyond the Mid-Atlantic region. We would also like to hear from alumni with a variety of pursuits and interests: appraisers, fundraisers, curators, educators, administrators, conservators, librarians, artists, consultants... We could go on, but you get the idea!

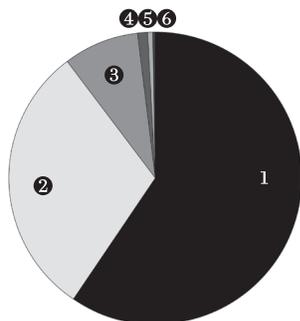

But we cannot do it without your help. Our entire budget comes from alumni membership dues and donations: we receive no external funding from Winterthur or any other source. In addition to grants and events, your dues pay for the Society's basic operating expenses, such as banking and administrative costs, postage, and fees for maintaining our website and online membership directory. Each year we try to reduce our "housekeeping" expenditures, so please let us know if you prefer to receive electronic correspondence only.

If you already give to the Society, thank you! We hope you can see the impact of your giving. If you didn't contribute last year, please become an active member this year. We are grateful for your participation and support, and we welcome your ideas for the coming year!
